

ETITO TO HOLD SPECIAL SERIES TO UPDATE WORKPLACE ASSESSORS

10 August 2010

A regional series to update ETITO workplace assessors in the security industry on developments to assist with their valuable roles will be launched this month.

The first Assessors Update event will be held in Auckland on Tuesday 31 August and updates are planned for Wellington on Wednesday 6 October and Christchurch on Wednesday 27 October.

Workplace assessors are an essential part in ensuring success for trainees and strengthening companies through industry training. The regional updates are designed to ensure those working as assessors in the security industry are best equipped and supported to perform their roles. It is important for workplace assessors to attend.

Among the topics to be covered are:

- The latest in best practice assessment
- Taking the next step as an assessor
- New qualifications
- Learning material
- Meet our new Quality Training Manager and find out how she can help you.

There will also be an opportunity for workplace assessors attending to share knowledge based on their own experiences.

Invitations will be emailed to workplace assessors but for further information please contact:
