

National Certificate in Financial Services [Financial Advice] [Level 5] registered

15 April 2009

ETITO is pleased to announce that the National Certificate in Financial Services [Financial Advice] [Level 5] has been registered by the New Zealand Qualifications Authority [NZQA]. The qualification was officially registered on March 19 2009 and was published on the NZQA website on April 14 2009.

The National Certificate in Financial Services [Financial Advice] [Level 5] has been developed by ETITO following an extensive consultation process with the financial services industry. ETITO would like to take this opportunity to thank the representatives from banks, insurance and financial adviser organisations who contributed directly to the translation of workplace competency into unit standards contained in the qualification.

The development of the training and assessment system to enable industry participants to engage with the newly registered National Certificate in Financial Services [Financial Advice] [Level 5] will occur in consultation with the financial services industry.
